AVST – New Voicemail System Instructions: Steps to Set Up Your Voice Mailbox

Coral Gables / RSMAS Campuses (5- and 8- UM phone extensions)

Please follow these steps to set up your voice mailbox on the new AVST system:

- From your UM desk phone, dial 8-5700.
  - Note: If you are away from your UM desk phone, dial (305) 284-5700, then dial # followed by your 5-digit extension.
- Dial 1234 when prompted for your security code.
  - Important: Do not dial pound (#) after the security code.
- Follow the prompts to set a new security code, record your name, and record your greeting.
- Your mailbox is initialized once you hear “Congratulations!”

For reference, please see sample personal greeting below:

- Hello, this is [First and Last Name]. I’m sorry I cannot take your call right now. Please leave a detailed message with your name and telephone number, and I will get back to you as soon as possible.

If you do not set up your voice mailbox on the new AVST system, your account will be set up with a generic greeting and your voicemails will be stored within your UM desk phone.

You can access your voicemail settings and features at: voicemails.miami.edu. (Note: If you are unable to log in at voicemails.miami.edu, please contact the UMIT Service Desk for assistance: (305) 284-6565.)
