

## Tip Sheet:

# How to Uninstall the Zoom Outlook Plugin for Mac

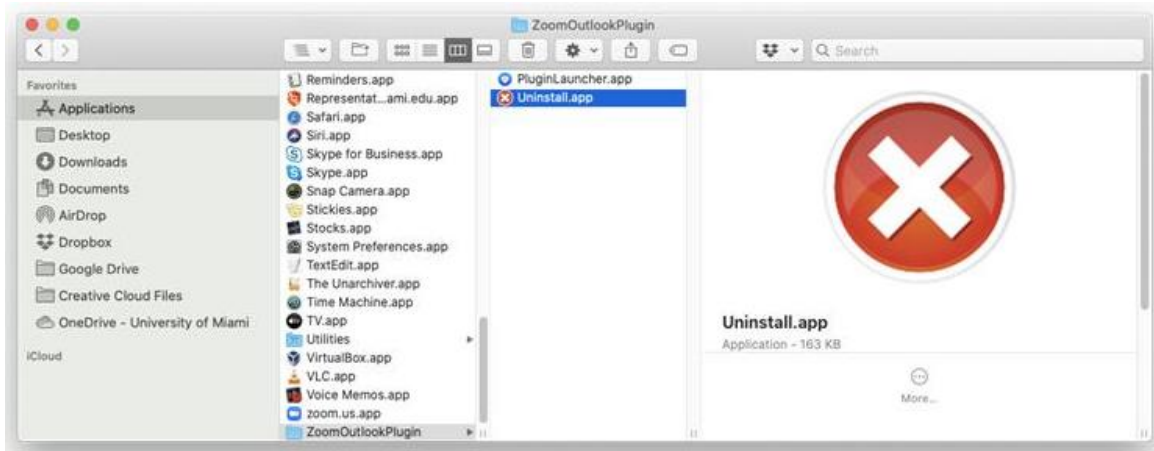

**Disclaimer:** Zoom tip sheets are reviewed and updated regularly. We encourage you to *bookmark* this tip sheet, rather than downloading it so that you always have access to the most up-to-date guide.

**Note:** Zoom regularly updates its technology – if you notice something isn't right on this tip sheet, please contact the [ZMW team](#) to let us know!

### Uninstall Instructions:

---

1. Close the **Microsoft Outlook for Mac** application.
2. Open the **Finder** application.
3. Click the **Applications** folder.
4. Click the **ZoomOutlookPlugin** folder.
5. Open the **Uninstall** application and follow the on-screen prompts.
