

University of Miami:

How to Log in to Adobe Creative Cloud

[Adobe Creative Cloud \(CC\)](#) is available at no cost to all active University of Miami faculty, staff, and students. Adobe CC gives you access to a collection of Adobe applications for Graphic Design, Video Editing, Web Development, Photography, and Cloud Services. With Adobe CC, there's something for everyone, and you don't have to be an expert to use it!

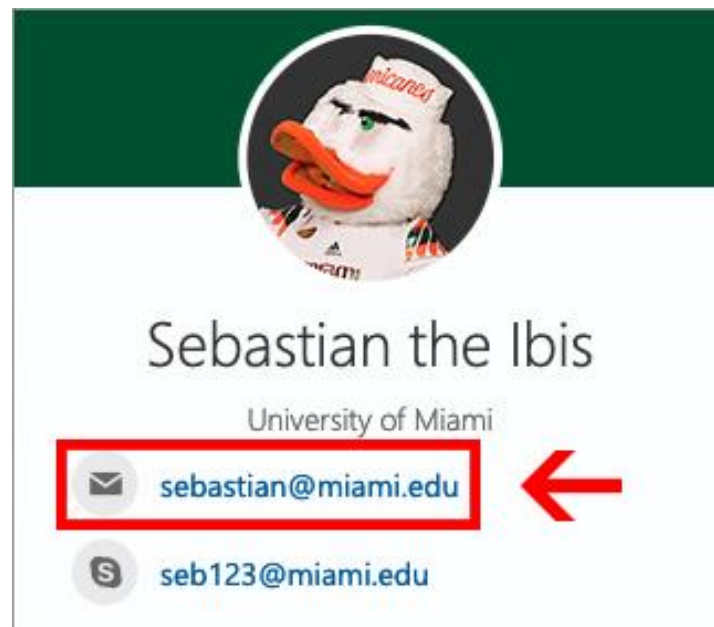

Instructions:

Log in to [Adobe's Enterprise ID sign in page](#) by entering your preferred UM email address*, and then clicking "Sign in with Enterprise ID" (you do not need to enter a password here).

You will then be redirected to UM's Single Sign-On portal, to log in with your CaneID and password. Once logged in, [you can download Adobe CC products directly to your device](#).

To learn how to install the Adobe CC application on your device (which keeps your Adobe products up to date), please review installation instructions for [Mac](#) or [Windows](#).

***Note:** if you do not know your preferred UM email address, take a look at your UM profile at [email.miami.edu](#). To view your profile, **click your name and/or photo** on the top-right of the webpage. Then, select "**My Office profile**." Your email address will be listed under your name (see below).

Need training? Visit the UM Libraries [Creative Studio](#) for in-person training and support. Also, review the [Adobe CC service webpage](#) for training links and more information.

If you have any questions or experience issues logging in, please contact the UMIT Service Desk at: (305) 284-6565 or [help@miami.edu](#).
