

Tip Sheet: Manual Install of Windows System Updates

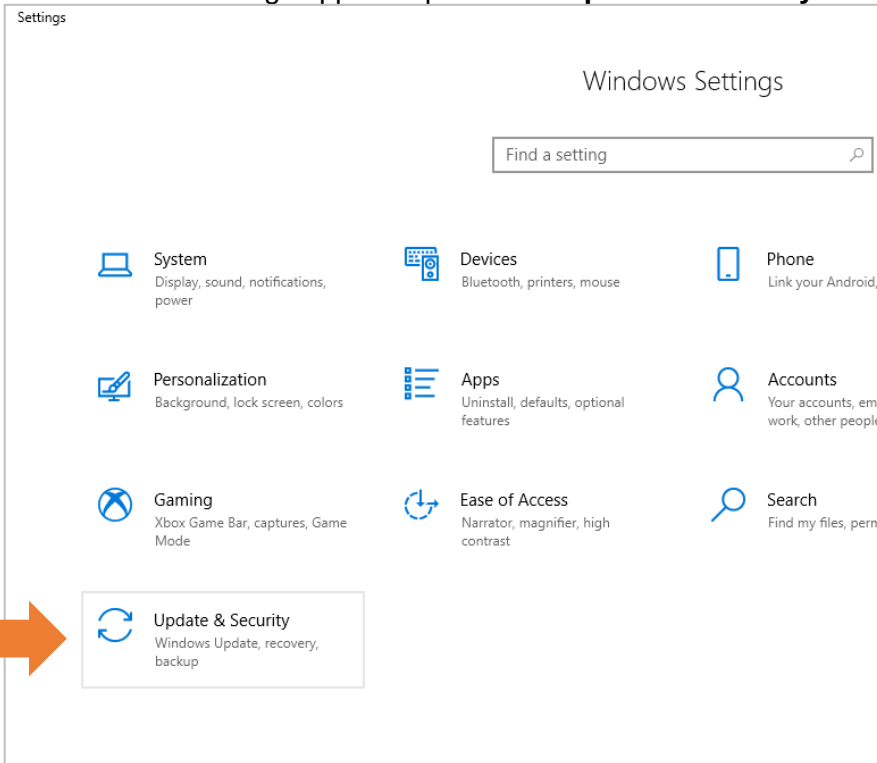

1. Click the **Windows icon**, located in the lower left of your screen.

2. Click the **Settings** icon.

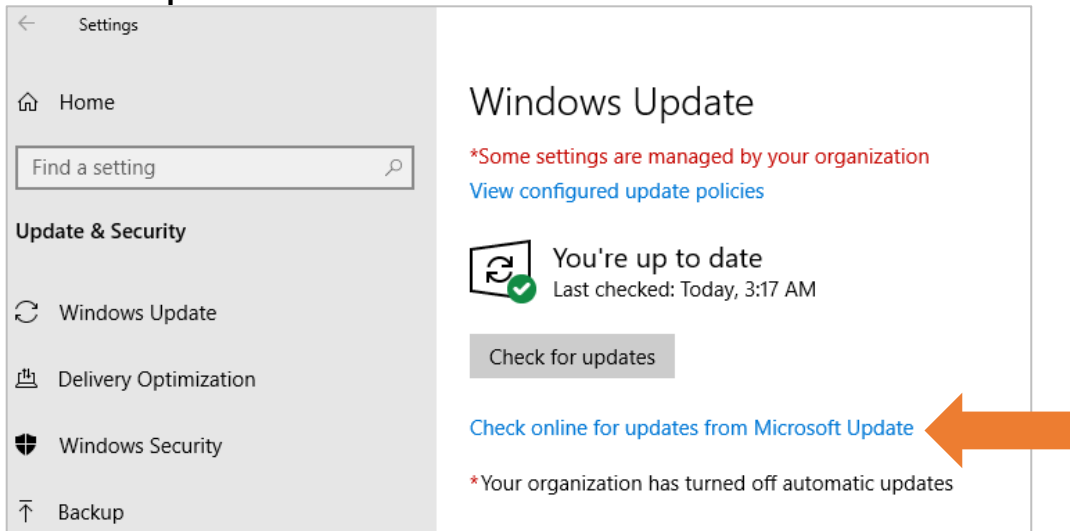

3. The Windows Settings app will open. Click **Update & Security**.

Tip Sheet: Manual Install of Windows System Updates

4. The Windows Update section will open. Click **Check online for updates from Microsoft Update**.

5. A list of updates may appear and you may be prompted to allow them to download/install. When the installation is complete, there may be a message to restart your PC to finalize installation of the updates.
