

Viewing Class Section Information

To enroll a student in a class:

1. Log into the portal at <http://canelink.miami.edu>
2. On the **Admin Home** tab, using the **Main Menu** navigation at the top of the page, navigate to **Curriculum Management > Schedule of Classes > Class Search**

This Class Search is the same component that is used within Quick Enroll when enrolling a student in a class.

Note: When entering your search criteria, you are required to enter 2 search criteria in the **Class Search** section. The **Show Open Classes Only** checkbox qualifies as search criteria and this checkbox is selected by default. If you wish to only enter a Subject, for example, you can uncheck this box and not fill in the Course Number field.

3. Select the **Term**. Review the **Setting User Defaults** tip sheets to learn how to set this value as a default so you do not need to enter it.
4. Enter the **Subject** (e.g., MTH for Math) or use the **Select Subject** button to choose it from a list.
5. Enter the **Course Number**. The drop-down menu next to **Course Number** allows you to select different search parameters for the course number; for example, you can select **Between** in this menu to enter a range of course numbers. Other options in this menu are **Contains**, **greater than or equal to**, or **less than or equal to**.
6. You can use the **Additional Search Criteria** section to narrow your search results, if desired.
7. Click **Search**.
8. Class sections that meet your criteria will appear.
9. To view more information about a class section, click the **Section** link.
10. On the **Class Detail** page, you can view information about meeting time, the class instructor, enrollment requirements, and current class enrollment and waitlist numbers. You can also view a **Description** of the class.
