General

How do I get a password for the Listserv Web Interface (LWI)?

1. Go to https://listserv.miami.edu/scripts/wa.exe
2. Click Log In in the upper right corner.
3. Click Register Password.
4. Provide your email address and enter your desired password in the two Password fields.

5. Click **Register Password**.

6. You will receive an email from Listserv with the title “Command confirmation request.” Open the email and click the link to register the password.
7. You will be taken to a Listserv screen confirming your new password was registered.

How do I log in to LWI?

1. Sign in to https://listserv.miami.edu/scripts/wa.exe
2. Click Log In in the upper right corner.
3. Provide your email address and password in the requested fields.
4. Click Log In when done.
What to do if I forget my password?

1. Go to https://listserv.miami.edu/scripts/wa.exe
2. Click Log In in the upper right corner.

3. Click Forgot Password?.

   Register Password | Forgot Password?
4. Provide your email address and enter your desired password in the two Password fields.
5. Click **Register Password**.

6. You will receive an email from Listserv with the title “Command confirmation request.” Open the email and click the link to register the password.
7. You will be taken to a Listserv screen confirming your new password was registered.

How do I know I am logged in to LWI?

You can tell you are logged in to Listserv by looking in the upper right corner. If you see your email address then you are logged in.

If you see Log In then you are not logged in. Please follow the steps in How do I log in to Listserv? to log in.
How do I change the appearance and settings for LWI?

1. Sign in to LWI.
2. On the left side of the screen click **Preferences** under “Subscriber Options.”
3. Make your desired changes or the selected setting column (e.g. General, Archives) and click **Update** in the bottom right corner to apply the changes.

4. A message will appear at the top of the Preferences list indicating that your preferences have been updated.

5. Repeat step 2 for any other setting columns.
How do I view lists I own?

1. Sign in to LWI.
2. On the left side of the screen, click List Reports
3. All of the lists you own will appear.
How do I view lists I am subscribed to?

1. Sign in to LWI.
2. On the left side of the screen, click Subscriptions under Subscriber Options. You may have to click Subscriber Options first before Subscriptions becomes visible.
3. All of the lists you are subscribed to will appear to the right.
Can I rename a listserv's email address?

Unfortunately, no. Only the listserv admins can rename a listserv. Please contact the IT help desk at 305-284-6565 or help@miami.edu for assistance.

Can I delete a listserv?

Unfortunately, no. Only the listserv admins can delete a listserv. Please contact the IT help desk at 305-284-6565 or help@miami.edu for assistance.
List Management

How do I add or change list owners?

1. Sign in to LWI.
2. On the left side of the screen, click List Configuration.
3. If you own several lists, select the list from the Select List dropdown.
5. The Owners list will appear. Make the appropriate edits to the list. If listing multiple owners, either place commas between each email address or type each address on its own line.
6. Click Update when done.

7. A message will appear at the top of the window indicating the changes have been made.
How do I add or change who can send to a listserv?

1. Sign in to LWI.
2. On the left side of the screen, click List Configuration.
3. If you own several lists, select the list from the Select List dropdown.

5. The Senders list will appear. In the Special: box, make the appropriate edits to the list. If listing multiple senders, either place commas between each email address or type each address on its own line.
6. Click **Update** when done.

7. A message will appear at the top of the window indicating the changes have been made.
How do I manage the subscribers of a list?

**Note:** You can only modify groups that are not query based. Your list is query based if you see a line that begins with “DBMS=” in the List Header section. To check the List Header, follow steps 1-3 of [How do I add or change list owners?](#).

If you do not see “DBMS=” in the List Header section, you can manage your subscribers using the steps below.

1. Sign in to LWI.
2. On the left side of the screen, click **List Reports**.
3. All of your lists will appear. Locate the list you would like to modify and click the number that appears under the “Subscribers” column.

To Add a Subscriber

1. At the top of the screen is the ‘Add Subscriber’ section. Click inside the box that appears underneath and type the email address of the new subscriber.
2. Click **Add Subscriber** when done.
To Delete a Subscriber
1. You will see a list of subscribers in the middle of the screen. Click the box next to the email address you would like to remove.
2. Repeat for any additional email addresses.
3. Click **Delete Subscribers** when done.

To Update a Subscriber
1. Click the name under the email address of the subscriber you would like to update.
2. On the page that appears, ensure that the circle next to **Do Not Notify the User** is selected so any changes made here do not get sent to the subscriber.
3. Make the desired changes on the page that appears.
4. Click **Update Settings** when done.
Can I import a large number of subscribers at once?

**Note:** You can only modify groups that are not query based. Your list is query based if you see a line that begins with “DBMS=” in the List Header section. To check the List Header, follow steps 1-3 of **How do I add or change list owners?**. If you do not see “DBMS=” in the List Header section, then you can follow the steps below.

You can import a large number of subscribers using a text file or spreadsheet containing the subscribers email address and their first and last name. The first and last names are optional. The file must have the following format:

  e-mail address, a space, subscriber's first name, a space, and subscriber's last name.

For example:

sebastian@miami.edu Sebastian Ibis
emailaddress1@miami.edu Email Address
emailaddress2@miami.edu Email Address2

**Create a Text File with Subscriber Information**

1. Open NotePad on Windows or TextEdit on a Mac.
2. If using TextEdit, click **Format > Make Plain text**. If using NotePad, skip to step 3.
3. Type each email address on a new line.
   a. To include their name, add a space after the email address and then type the subscriber's first and last name (e.g. sebastian@miami.edu Sebastian Ibis).
4. Save the text file when done.

Once you have your text file; you can use the **Bulk Operations** feature in Subscriber Reports to import the addresses.
Working with an Existing Excel Spreadsheet

1. Confirm your spreadsheet is set up in the following format:
   a. Column A: Email Address
   b. Column B: First Name
   c. Column C: Last Name

<table>
<thead>
<tr>
<th></th>
<th>A</th>
<th>B</th>
<th>C</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td><a href="mailto:sebastian@miami.edu">sebastian@miami.edu</a></td>
<td>Sebastian Ibis</td>
<td></td>
</tr>
<tr>
<td>2</td>
<td><a href="mailto:emailaddress1@miami.edu">emailaddress1@miami.edu</a></td>
<td>Email Address</td>
<td></td>
</tr>
<tr>
<td>3</td>
<td><a href="mailto:emailaddress2@miami.edu">emailaddress2@miami.edu</a></td>
<td>Email Address2</td>
<td></td>
</tr>
<tr>
<td>4</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2. Click **File**.
3. Click **Save As**.

---

---
4. Choose the location you are saving the file.
5. Give your file a name.
6. Click the dropdown menu next to “File Type” on a PC or “File Format” on a Mac.
7. Select Text (MS-DOS) (*.txt) on a PC and MS-DOS Formatted Text (.txt) on a Mac.
8. Click Save when done.
Importing multiple addresses using Bulk Operations

1. Sign in to LWI.
2. On the left side of the screen, click **Subscriber Reports**.
3. If you own several lists, select the list from the **Select List** dropdown.
4. At the top of the screen that appears, click **Bulk Operations** next to Add Subscriber.

5. In the Bulk Operations window that appears, ensure that **Add the imported addresses to [LIST NAME]; do not remove s** is selected.
6. Click **Browse** or **Choose File**.
7. Locate and select the text file you created with your subscribers.
8. Click **Open**.

9. Click **Import**.

- **Add** the imported addresses to TESTO365-2; do not remove any subscribers.
- **Remove all subscribers** from TESTO365-2; and **add** the imported addresses (to remove all subscribers, select this option and omit the input file).
- **Remove** the imported addresses from TESTO365-2; do not add any subscribers.
- **Remove** the imported addresses from **all lists**.
10. A message will appear at the top of the window indicating the results of the import. You will see how many people were added and if any errors were found. Duplicates will not be imported.
11. Click the X in the window to be taken to the updated member list.

If I have a dynamic student list, when is the list refreshed?

Student lists reflect enrollment in the current semester. At the "Semester/Session End" date, lists are refreshed to reflect the new semester in line with the Academic Calendar. (i.e., Spring 2021 ends May 12th, lists are refreshed May 13th to reflect Summer 2021 enrollment).

Refer to the Academic Calendar for exact dates.
Can I view a list of subscribers?

1. Sign in to LWI.
2. On the left side of the screen, click **Subscriber Reports**.
3. If you own several lists, select the list from the **Select List** dropdown.
4. The list will appear. Click the dropdown under **Report Format**.
5. Select **CSV Format**.

6. Click **Update** and the CSV file will download.
How do I post to a list?

As owner of a list, you can post messages to the list through the web interface or by sending e-mail.

**LWI**

1. Sign in to LWI.
2. Click **List Dashboard** from the menu on the left.
3. Click the name of the list you would like to post on from the dropdown under “Select List.”
4. The page will reload and the list details will appear.
5. Click the three stacked lines icon to the far left of the listserv name.
6. Click **Post Message**
7. Provide a subject for the email in the Subject line.
8. Select type of message to send in the Content Type dropdown: HTML or Plain Text
9. Click on the checkbox next to **Send Copy of Message to Self.**
10. Click **Show Advanced** if you wish to send an attachment with your message
11. Click **Hide Advanced** to return to the message screen
12. Type your message
13. Click **Send Message** when done.
E-Mail
1. Create a new message and type the listserv email address (e.g. example@listserv.miami.edu) in the To field.
2. Type the subject of the message
3. Type the body of the message
4. Click Send when done.
Can I remove the Unsubscribe link from Listserv messages?

1. Sign in to LWI.
2. On the left side of the screen click Mail Templates.
3. If you own several lists, select the list from the Select List dropdown.
4. Click the box next to Only Display Modified Templates.
5. Choose Top and Bottom Banners from Select Template Category.
6. Click Select.
7. A list of templates will appear. Click the template you would like to modify.

8. In the template window that appears, scroll to the bottom and click **Revert**.
9. Click **Revert** in the confirmation window that appears.

10. The template window will reappear. Click **Back**.
11. Repeat steps 4-9 for any additional templates.
How can I give someone a way to subscribe or unsubscribe from my list?

Listserv has built-in subscription URLs for each list. Please find an example below.

https://listserv.miami.edu/scripts/wa.exe?SUBED1=list&A=1

Anyone can use these built-in subscription URLs to subscribe or unsubscribe from the list.

You can also create your own subscribe or unsubscribe link by modifying the subscription URL. To do so, replace the text between SUBED1= and &A=1 with the name of your list. The name of your list appears to the left of the @ symbol in the list’s email address. The list name is highlighted in red in the above example.

For example:

Your list has the email address mylist@listserv.miami.edu.
The list name is mylist.
The subscription link would be https://listserv.miami.edu/scripts/wa.exe?SUBED1=mylist&A=1
