

Reactivate Registered Devices

Follow the steps below to re-activate your devices for *CaneGames* and the wired network.

1. Select the device, and then click "Edit." The editing pane will display.
2. In the editing pane, make sure the Account Status is set to "Enable account."
3. Modify any device name or notes, and then click the "Update Device" button.
4. Once updated, the new expiration date will display.

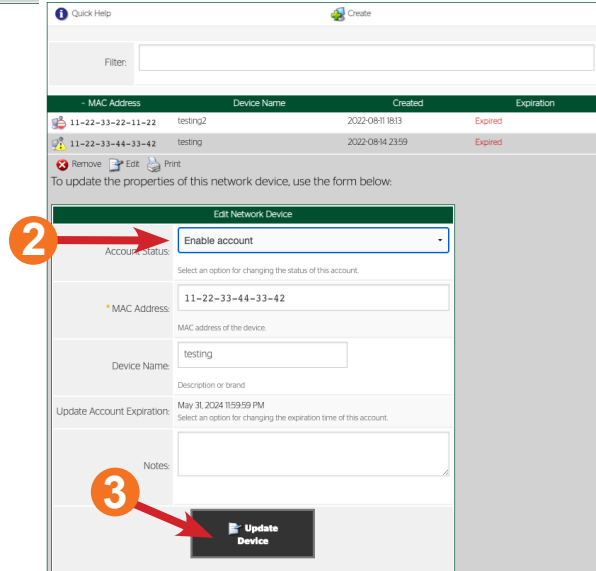

Use this page to manage your devices.

MAC Address	Device Name	Created	Expiration
11-22-33-22-11-22	testing2	2022-08-11 18:13	Expired
11-22-33-44-33-42	testing	2022-08-14 23:59	Expired
44-33-44-55-45-33	testing receipts	2022-08-11 18:47	Expired
